

# 2010 CGA Excavation Safety Conference & Expo

## Session Notes Sponsorship

This is at the 2010 CGA Excavation Safety Conference & Expo, which will be at the San Diego Convention Center in San Diego, California from March 2-4.

Since this is information that attendees will keep for a long time, it's a great way to remind them of your company's participation long after the conference ends.

This sponsorship covers the notes that go with each session, supplied electronically to us by each session speaker(s). The notes are printed (black & white), 3-hole punched and stapled. There will be a cover page on the front of each session packet. Approximately the top two-thirds of each cover page will list the session name, session number, speaker, date, time and the room number. The remaining space will include the sponsor's logo, with the Conference and Expo logo in one of the corners. There will also be enough room to put a message, slogan or tag line with a web site address and phone number next to the sponsor's logo. Every person attending each session will receive a copy of the notes that the speaker has supplied. A three-ring binder will also be provided to each conference attendee to retain their notes in.

This Sponsorship Includes:

1. All notes printed and available for session attendees.
2. Distribution of notes at sessions.
3. Recognition of your sponsor on the Conference Web Site.
4. Recognition of your sponsor in the Conference Program Guide.
5. All attendees from the sponsoring company will receive a "Sponsorship Ribbon" for their conference name badge.

The cost for this sponsorship is: \$2,500.00

There will be one (1) Session Notes / Materials Sponsorship sold.

If you have any questions about this Sponsorship, please contact David Stark at 866-279-7755 or [dave@emailir.com](mailto:dave@emailir.com).
